A. SHORT DESCRIPTION

1. Amount requested:

I am requesting a 20,000 grant to go towards general operating expenses for Access Opportunity. Throughout the pandemic, AO's students have seen a huge shift in their day to day lives, and the support they get from AO is more important than ever.

B. IMPACT ASSESSMENT

1. Please highlight the impact of this grant in your own words.

You are all familiar with access opportunity at this point, because I gave them a grant just last year. I am always drawn to organizations that provide low income students with access to education and support, which can put them on a more level playing field with their peers from higher earning families. AO does that and beyond by not only providing educational support, but also mentoring, social emotional development, and networking support.

Covid hit the AO community harder than it hit most. Roughly 86% of AO student families lost income since March of 2020, and AO was able to step in where necessary and provide assistance to these students and their families with critical support.

2. Has this agency been sponsored by the Foundation in the past? If so, assess the past grant's effectiveness. How does the current grant differ from past grant(s)?

Yes, we gave AO a \$20k grant last year to hire a part time social worker, and she has been a hugely successful addition to the team and came in at really pivotal point.

C. PERSONAL INVOLVEMENT

1. What is your personal involvement with this agency?

I donate time and money to this agency and I was part of the committee for their annual fundraiser, 'raise a class.'

3. Have you contributed money and/or time to this agency?

Both

4. Of your philanthropic interests, how does this project or agency rank?

Top 3

D. FUTURE PROSPECTS

1. Do you expect to come back with further requests for this agency?

Yes
